

## PROFESSIONAL SUMMARY

Software Developer with hands-on experience in full-stack MERN application development and AI-powered security systems. Currently working as a Web Development Intern, developing CRM-based applications with REST APIs, authentication mechanisms, and MongoDB integration. Developed a real-time ML-based Network Intrusion Detection System trained on 16M+ network traffic records achieving 90%+ accuracy.

---

## TECHNICAL SKILLS

- Frontend Development: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, EJS.
  - Backend Development: Node.js, Express.js, RESTful APIs, JWT Authentication, MVC Architecture.
  - Database: MongoDB, MongoDB Atlas.
  - Machine Learning & Security: Python, Scikit-learn, Random Forest, XGBoost, LightGBM, SVM, Scapy.
  - Tools & Deployment: Git, GitHub, VS Code, Postman, Render, MongoDB Compass.
- 

## PROJECTS

1. Airbnb Clone | Node.js, Express, EJS, HTML, CSS
    - Built a hotel booking web application inspired by Airbnb with features like user authentication (JWT), hotel listings, booking system and Admin Panel.
    - Live Demo: [View](#) | GitHub Repository: [View](#)
  2. Issue Tracker (Project Management) | MERN Stack (MongoDB, Express, React, Node.js)
    - Developed a full-stack issue tracking system with ticket creation, Kanban board interface, and secure user login.
    - Live Demo: [View](#) | GitHub Repository: [View](#)
- 

## EDUCATION

<b>Pursuing Bachelors of Engineering in Information Technology</b>	(July 2023 – Present)
Alamuri Ratnamala Institute of Engineering and Technology, Maharashtra	- Present CGPA: 7.85
<b>Diploma in Information Technology</b>	(Dec2020 - May 2023)
Vidyalankar Polytechnic, Mumbai, Maharashtra	- Percentage: 75.38%
<b>X (MH Board)</b>	(May 2020)
Saralgaon Vibhag High School & junior College, Murbad, Maharashtra	- Percentage 77.40%

---

## CERTIFICATION

Full Stack Web Development with Java & MERN Stack – Skilleected Academy (*In Progress*)
